Advertising inquiries should be addressed to: Advertising Sales, Elsevier Inc., 360 Park Avenue South, New York, NY 10010-1710. Telephone: (212) 633-3813; or Fax (212) 633-3820. The publisher and the Jacobs Institute of Women's Health assume no responsibility for any

injury and/or damage to persons or property as a matter of products liability, negligence, or otherwise, or from any use or operation of any methods, products, instructions, or ideas contained in the material herein. No suggested test or procedure should be carried out unless, in the reader's judgment, its risk is justified. Because of the rapid advances in the medical sciences, we recommend that the independent verification of diagnoses and drug dosages should be made. Discussions, views, and recommendations as to medical procedures, choice of drugs, and drug dosages are the responsibility of the authors. Although all advertising material is expected to conform to ethical (medical) standards, inclusion in this publication does not constitute a guarantee or endorsement either by the publisher or by the Jacobs Institute of Women's Health of the quality or value of such product or of the claim made of it by its manufacturer. This journal has been registered with the Copyright Clearance Center, Inc. Consent is given for the copying of articles for personal or internal use, or for the personal or internal use of specific clients. This consent is given on the condition that the copier pay through the Center the per copy fee stated in the code on the first page of each article for copying beyond that permitted by the U.S. Copyright Law. The appropriate fee should be forwarded with a copy of the first page of the article to the Copyright Clearance Center, Inc., 222 Rosewood Dr., Danvers, MA 01923. If no code appears on an article, the author has not given broad consent to copy, and permission to copy must be obtained directly from the author. This consent does not extend to other kinds of copying, such as for general distribution, resale, advertising and promotional purposes or for creating new collective works. All inquiries regarding copyrighted material from this publication, other than reproduction through the Copyright Clearance Center, should be directed to:
